★★★★★ Long battery Life and VERY Safe!

Reviewed in the United States on December 26, 2018

Color: Black | Verified Purchase

My son loves the hover board. He says that it's easy to get on and to use. The Bluetooth is very loud and easy to connect. The battery charges quicksand lasts for several hours. According to him.... it's perfect and much better than other hover boards that we considered before purchasing this one.

★★★★★ **Don't get the wheels wet!**

Reviewed in the United States on September 6, 2018

Color: Black | **Verified Purchase**

Now that we have had this product a few weeks I feel I can give a honest review. The good- self balancing is awesome. It's easy to ride. The music sounds really good even from 100 ft away from my cell phone. It's very sturdy and durable. The lights are a pretty fun touch. Speed is fast. It charges in less then 3 hrs.

The Bad- the amazon description said it holds up to 220lbs the box it comes in says 165lbs. It scratch very easy. It says it's water resistant but anytime water gets on the wheels it stops working. We've had to reset it 2 times and calibrate the self balancing just because there was a trace of water on the side walk. It gets pretty annoying! Other then that it's been great!

I bought this for my 11 year old daughter in Christmas and so far she loves it, so do I. I even try it myself though I'm 202 lb and the spec says up to 165 lb so I stoped.

The sound is really good and easy to set up, the self balance feature works like a charm we are very happy wit it.

★★★★★ **Best hover board I could find... doesn't disappoint!**

Reviewed in the United States on September 1, 2018

Color: Black | **Verified Purchase**

My daughter (9) LOVES her new hover board! It is much easier to "drive" than other hover boards she has tried. Was able to balance and center her gravity easily within the first few minutes of trying it out. It moves in any direction with ease. The directions were very clear and easy to understand. It only took a couple hours to initially charge the hover board and then it was ready to go! I easily paired it with my daughter's iPhone so she could play music through the hoverboard's speakers. The sound is better than I would have expected for a hoverboard, and it is all controlled from her iPhone. The lights on the hover board are very bright, which I love since people should be able to easily see her coming. The only thing I'm not crazy about is how heavy the hover board is, only because my 9 year old can't carry it very easily to a friend's house. But the weight is probably a good thing for security, balance, and safety. I did a lot of research before purchasing a hover board and this was the best one I could find without spending \$300+. It was well worth the money! My daughter loves it!

★★★★★ **Our 11-year daughter ABSOLUTELY LOVES this!!**

Reviewed in the United States on August 16, 2018

Color: Black | **Verified Purchase**

Our 11-year old loves this hoverboard so much! She was able to learn how to ride it fairly quickly. The next day, she had her [hand-me-down] iPhone connected to it via bluetooth. She was playing Pandora music through the hoverboard speakers and was dancing around on the driveway with it. After almost 2 months of a lot of use, it's still going strong. It seems to be made of good quality material and

strong construction, because she's riding it all over outside, even at the park, and it still looks great.

Ever thought about gifting your kids something that will make their day unforgettable?

How about an cheap bluetooth hoverboard with led lights?

Kids love those!

Owning fast hoverboards for kids is pretty much every kids dream right now.

But for those parents who are not geeky techies, it might seem a hard task to buy a hover board which is right for their kids.

If you are one of them,

DON'T WORRY!

We are at the rescue!

Tomoloo is a very famous brand when it comes to hoverboard indoor and outdoor and one of the first hoverboards manufacturer that has taken the lead to pass American UL 2272 safety certification. Ranked among the top five manufacturers in the global self balancing scooter sector.

The first priority as a parent for you would be overseeing the safety of your kids. This hoverboard UL2272 certified are completely safe for you or your kids. Safety problem solved! The black hoverboard includes an ultra safe and reliable UL-Certified battery and an easy to use charger with hoverboard waterproof hidden charging port with an IPX4 water resistance rating to keep your hover board safe.

Question: Is it easy to learning for kids who have never rode a hoverboard?

Answer: No worry about it. Generally, it's much easier to learn how to ride hoverboards for kids, as they have better balance ability than adults.

Question: Is this a self-balancing board?

Answer: All our hoverboards are mechanical self-balancing instead of electrical self-balancing. It may not be stopped by yourself when you go downhill with an electrical self-balancing hoverboard. Most of our users are kids, so we think safety is the most important priority. - Tomoloo-official customer support team

The kids love the hover board. They can listen to music and change the colors and speed with the app. The bigger wheels help with going over bumps and small rocks. Great purchase!

I bought this Tomoloo scooter for my daughter after returning one from another company that disappointed us. She loves it! It was very easy for her to learn on (she's 9). The battery life is good. It has been on grass, carpet and pavement and did well. All around good product.

Awesome buy! Very good product. Came on time and well boxed. Gave this to my son for Christmas. This is his second one and I believe this one is far better. The larger wheels and higher clearance is definitely a plus. Interestingly the vehicle alarms when going to fast!

★★★★★ **Great present for myself!**

Reviewed in the United States on December 3, 2018

Color: Q3C-Blue | **Verified Purchase**

Wanted one of those for a long time but wasn't sure which one to pick from all the options out there, eventually after making extensive research I decided to go with this one - since I got it, I don't leave my house without it. Loved everything from the box, quality of the materials and the experience of riding it - took me about 30 minutes to get the hang of it and I feel like I'm improving every time I'm getting on it.

The design is beautiful, and the feature of listening to my music while riding through the Bluetooth speakers is really awesome. Another thing I like about it is the fact that it's charging pretty fast (couple of hours) and last for a long time.

Excited to continue explore this thing

My 12 year old son asked for a hover board for two years. I was initially concerned with safety--both his and the fire hazards that came with the first round of the boards. I am very pleased with this purchase--my son is over the moon. The speakers were a great added bonus.

I can wholeheartedly say this Hover Board is the BEST. I brought 3 for my grandkids for Christmas and came charged easy to operate and easy to understand the book. I'm very impressed as well as extra Happy. My grandkids have been riding them none stop. Off of them to charge or bed time. They love this Santa gift 📺 and so do I Thank you for the very best experience We could ask for. We also got the seats for on them but until the weather clears we won't know about them. But I'm sure my grandkids will

love them just as much. So if your looking for a hover board for your kiddos This one is bye for the

This was my daughters Xmas wish come true. She is on it as much as possible. My house is rearranged so she can go wherever she wants. Its funny and quite entertaining. It's very durable. I have had no problems. The sound is actually way better then I thought would come from a hover board and the lights well they are just a huge bonus. It came on time exactly as I was promised. I would recommend this hover board. The company Tomoloo seems to really value their customers satisfaction. What a nice

little treat Tomoloo. Thank you.

I was in search for a hoverboard for my daughter's birthday. I looked up online good ones to buy and they say Tomoloo is the best to buy. All the ones that I was reading about they would be shipped to you broken, have to pay for shipping, problems with Bluetooth, Etc... Tomoloo never had any bad reviews, or complaints! We got ours and it was completely perfect! If I am ever in search of a new hoverboard I will definitely order from here! I highly recommend! The shipping was super fast, love the price, love the color, love the Bluetooth capability and lights! My daughter cannot stay off of it! She loves her hoverboard!

I purchased this for our son's 10th birthday. The 1st use was good. It was Fun & he absolutely loved to ride while playing music! We charged it overnight, and the very 2nd use he couldn't get on it. Kept beeping & spinning off, very fast. He wasn't able to step on it, it was dangerous. I called amazon customer service & they gave us a credit so we can re-order a new one. Hoping the new one works like it should! I will update my review after we try the new hoverboard.

I was very skeptical about purchasing this hover board but my daughter wanted it so bad so I decided to buy it for Christmas. She hasn't gotten off it since! Took her a few times with me holding her hand until she was able to catch on. We also watched a youtube video on how to get on and off. That was the best thing we did! She's a little pro now. I recommend a helmet, knee and elbow pads. We just LOVE the blue tooth. She connects it to her phone and rides all over the house, basement and garage right now because it's cold

We've had for a few days. Bought for a 11 year old, as birthday present & she absolutely loved it. Once she got the hang of it, there was been no turning back. We're concerned with all the bad talk about them being dangerous. Our only issue is it's not running after a week of having & I've sent multiple emails to Tomoloo with no response on resolution on fixing, exchange or refund. I just bought on Aug 2 the LED Status Indicator turns on light when she turns on or steps on & the scooter has a more than 10 degree forward or backwards tilt. What do I need to do to fix, get a replacement for the issue malfunction or return?

I recently brought this as a new year present for my daughter and she really loves it. She is using a hover board for the first time and with Tomoloo she could immediately learn it. Tomoloo has a fantastic self balancing technology and also the blue tooth music play is fun. One of the important things which made me comfortable to buy Tomoloo is its safety certifications. I also liked the phone app wherein you can change the light colors, check battery status and distance covered. One thing you need to importantly

know is to not press the ON button too long because it changes the self balancing mode a bit and it

★★★★★ Great hoverboard, great looking, ruggedly built.

Bought this for my 11 year old for Xmas. 6 mos in, the thing still works perfectly. Battery takes a long time to recharge (a day or so), but holds a charge for 6-9 hours of active use, which is amazing. The lights on this board make it nice looking. We don't use the music, so I can't comment on that. The board is very responsive, handling is great. It is pretty speedy too. Weight max of 150 appears to be about right, as stepmom rides the thing occasionally too. All around a great purchase. Very happy with it.

No fuss and no muss. I like things to be as they are promised and work as expected. I got this six months ago. Gave it to my preteen and he was "off to the races!!". He plugs it in every couple of days and still uses it to go to the mall, his friends house a couple of blocks away, and getting simple things for his mom from the corner store...

It was a big deal for him. Not quite like getting a car - but for a preteen, Ya!! This was my atta boy. I'm still getting smiles and Mom's threat to take it away has gotten his room clean more than once... This product and purchase was TOTALLY WORTH IT!!!

We got this for xmas 3.5 months ago. My son has used it probably weekly since. So it has held up. My youngest child was able to learn to use it. It is a lot of fun and easy to learn. I weigh 135lbs and have no problems using it too. The battery will last a few hours which equates to maybe 3-4x of playing with it before it needs to be recharged again. Great buy and would def. buy it again.

I got this and the go cart hook up and OMG is this thing extremely fast! I will NOT let my 6 year old daughter ride this without supervision or a helmet. It's so fast it scares me but it's EXTREMELY fun! The battery lasts a long time, I would recommend it for age 11 and up just because of the speed. A kid needs to be responsible enough to look for cars because cars will have a hard time seeing it. I got this instead of one of those jeep cars, It's worth the money for this and the go-cart hook up. https://www.amazon.com/Hiboy-HC-02-Hoverboard-Suspension-Attachment/dp/B07GB88247/ref=sr_1_1_sspa?crid=2MJ4TB9I1ULRZ&keywords=go+cart+hoverboard+attachment&qid=1555785715&s=gateway&prefix=go+cart+hoover%2C125&sr=8-1-spons&psc=1 Get them both. My 14 yr old daughter LOVES her hoverboard. She learned how to ride it instantly! The lights are bright and the ride is smooth. She enjoys riding around listening to music and even takes out dog for rides as well. She has learned tricks on it and it's comical to watch her ride around the house. She even does chores and sweeps the floor while riding it! Best purchase ever!

My 9 yo son loves this! No complaints so far, he's still just getting the hang of it. Speakers are very loud!

★☆☆☆☆ **Great product; but smells terrible**

Reviewed in Canada on March 25, 2020

Color: Black | [Verified Purchase](#)

I would normally assign 5 stars, but assigned 1 due to issue of odor and off-gassing.

The item smells terrible, and the rubber is clearly leeching some sort of probably toxic odor due to cheap materials. I beleive that the odor is due to cheap vulcanized recycled rubber emmiting VOCs (volatile organic compounds).

I will try some strategies to reduce the odor such as cleaning the rubber.

Apart from that it is a great product. Hours of fun. My son loves it.

★★★★★ **Exactly as Described. My son loves it!**

Hoverboard came on time, as described and my son loves it! We've used it inside and outside. He caught on to it very quickly and the battery lasted about 3 hrs and then we just plugged it in to the wall. It came with the charger. It was also easy to hook up to Bluetooth music!

★★★★☆ **Read the instruction manual**

Reviewed in Canada on April 6, 2020

Color: Black | **Verified Purchase**

My daughter loves it. The battery has great lifespan between charges. But the instruction manual says not for children to use and not to listen to music while on it even though it has built in speakers.
